Hi,

Please find a slightly updated PPT that could be used to kick off the hearing on Thursday for the criminal negligence intent standard.

Let me know if you have any edits or other suggestions. I did wonder whether I should include more details about the cases on slide 7 or if it just makes sense to keep it high level – let me know what you think, if you have a chance.

Also, please let me know if you need to be added to tomorrow morning's prep meeting – I believe that the contractor should have included everyone but not sure whether that happened.

Thank you & happy New Year!
Nizanna
